## Horner Military School

1851-1917.

CHARLOTTE, N. C.

Located in Myers Park, the most beautiful and best laid out residential suburb in the United States; on a magnificent plat of 50 acres of elevated, undulating land, overlooking the city of Charlotte, two miles in the country, but on paved boulevard and street car line to the city.

Ideal climate; midway between New York and Florida; entire equipment new, modern, fireproof, steam heat, electric lights, hot and cold water from city water works in each room, toilets and shower baths on each floor.

The Most Complete and Best Equipped New Barracks in the South

Six teachers with degrees from the best colleges and universities. Limited to 250 cadets who dine with the teachers and ladies of the Principal's family. The academy has had a successful career of 66 years with a history that is a guarantee that it is not an experiment. The large patronage from the best people of our home State, who know us best, is its greatest endorsement. Charges \$400.00 per year.

# NUMERICAL TELEPHONE DIRECTORY OF CHARLOTTE, N. C.

Note—This is a New Department, which we have added to the Charlotte Directory and which we think will be found very useful to our patrons. A business man on the return to his office is often requested to call such and such a number, without having the slightest idea to whom he is to speak. Before calling your number, a glance at the following list oftentimes will prove to be a source of great relief.—Publrs.

**JUST THE THING EVERY BUSINESS AND OFFICE MAN NEEDS**

## **BUMP'S NEW PAPER FASTENER**

Simply insert papers to be fastened into the fastener, press the handles together, release them and the work is done.

It is a handy little nickel plated machine to keep on your desk.

One pressure of the handles fastens two to ten papers neatly and permanently.

You'll Like This New Paper Fastener.

If you are tired of pins, staples and clips—If you appreciate clean and roomy filing cabinets, devoid of unrelated papers caught together by old fashioned clips—If you desire to fasten your papers together quickly, permanently and neatly, this is what you need.

Let us send you one of these newer and better paper fasteners.

Price Prepaid.....\$2.00

# Biddle University

CHARLOTTE, N. C.

Biddle University, founded by the Presbyterian Church in the U. S. A., has four departments, namely: Normal and Preparatory, Arts and Sciences, Theological and Industrial.

The Preparatory and Collegiate Departments have each two courses of study, Classical and Scientific; the Scientific omitting the Greek and Latin Classics.

The Normal and Preparatory School is designed to prepare the student for teaching and for business life, or for entering the School of Arts and Sciences.

All students in the Preparatory course are required to take some trade and report every day for work in the Industrial School. College students may also take trades. At present several trades are being taught—Carpentry, Printing, Bricklaying, Plastering, Shoemaking, Blacksmithing and Broommaking. One fourth of the time in recitation hours is devoted to industrial training.

The Collegiate Department consists of four years, the Theological three. The course of study prescribed in the Theological Department is liberal and practical. Besides the ordinary English subjects of the Theological Seminary, students who have taken a College course, or its equivalent, pursue exegetical study of the Greek and Hebrew Scriptures in the Junior and Middle years. When the previous training of students has been partial and his years are mature a shorter and purely English course has been provided.

The school year begins the third Wednesday in September, and closes the first Wednesday of June.

For information or catalogue, write President H. L. McCrorey.

INCORPORATED

Manufacturers of Improved Ice-making and Refrigerating Machinery, suitable for Hotels, Meat Markets, Cafes, Office Buildings, Factories, Small Towns, or any place where Ice or Cold Storage is needed. Mills and Factories with cheap power, can manufacture one ton of ice per day at practically no cost.

## A Small Ice-making Plant

These machines are made of the best material throughout, and the workmanship is unexcelled. The construction is very simple and the few working parts are self-oiling.

Corliss Engines Repaired, Reconstructed and made to operate on most economical basis.

We go to your plant, inspect its needs and make repairs on the grounds. We have portable tools for all work.

Timely repairs of leaking valves and worn pistons is money saved.
